OFFER · LEADS · CLOSE

NIRVANA LIFE

A PARTNERSHIP PROPOSAL

Closing the last *14 units* at Nirvana Life.

A strong project with unexploited value.

Prepared for Toby and Eric · June 2026

WHERE THINGS STAND

A strong project. *The last stretch* is the hardest.

The product works. Marketing is already running. Any serious buyer can find the proof. The last 14 units won't close with more ads. They'll close with a sharper offer and someone who actually follows through on every lead.

32	18	14
UNITS TOTAL	SOLD	REMAINING

- 10% guaranteed ROI in year 1
- ~700 daily entries to the facilities
- Kempinski-grade contractor
- 56% already sold
- 15% provisional ROI from year 2
- Exclusive membership for unit owners
- Construction ahead of schedule
- Warm member base untapped

TWO THINGS YOUR MARKETING COMPANY DOESN'T DO

The member campaign. *And the close.*

THE MEMBER CAMPAIGN

Your best leads already know you.

Nirvana members trust the brand. Most are already in Bali. They are exactly the profile of a lifestyle buyer. No other agency has this list.

- Warm outreach sequence to the full member database
- Priority access framing before anything goes public
- Priority waitlist on the last available units
- No ad spend required for this channel
- 3–5× higher conversion than cold audiences
- Every response tracked and followed up

THE SALES ENGINE

Every lead gets a closer, not a follow-up.

Full sales cycle on every lead, from your marketing team and the member campaign. Discovery, qualification, presentation, close.

- Discovery call on every qualified lead. No pitch before that.
- Offer reframed using the Nirvana Grand Slam Offer
- Every lead logged in CRM. No one falls through.
- 5 years, 50+ villas personally closed in Bali
- Performance fee only. Paid on close.

STANDARD OLC ENGAGEMENT

What this *normally costs.*

The full commercial engagement: brand and project audit, sales and marketing strategy, PDF property cards and other sales materials, outreach campaign management, and closing. Paid upfront and on results.

COMPONENT	WHAT IT COVERS	RATE
Onboarding fee	Brand and project audit, sales and marketing strategy, ICP, PDF property cards and sales materials, CRM setup, reporting dashboard	$15,000–$20,000
Performance fee	Commission per unit closed. OLC manages offer, leads, and closing.	5%
Monthly running fee	CRM, tools, and active campaign management. Billed monthly while the engagement is live.	$500–$1,000 / mo
Marketing budget	Developer-funded ad spend. Allocated per remaining unit across Meta and Google campaigns.	$2,000–$3,000 / unit
Minimum project	10+ units at $200K+ per unit (~$2M total inventory)	~$2M

Pricing is discussed privately after fit is confirmed. No public rate card.

THE PARTNERSHIP TERMS

What I'm proposing *for the sanctuary near Vana Bali.*

Nirvana is the first OLC case study. No onboarding fee. Commission rate depends on where the lead comes from.

The Sanctuary Nirvana, Commission Agreement

No onboarding fee. Performance only. Training continues in parallel.

ONBOARDING FEE	*Waived* In exchange for testimonial + right of first refusal on Lombok
MONTHLY RUNNING FEE	*Waived* For the duration of the Nirvana engagement
COMMISSION — NIRVANA LEADS	4% Leads from Nirvana's marketing or member database
COMMISSION — OLC LEADS	5% Leads sourced independently by Matthieu

LEAD SOURCE DEFINITION

Nirvana lead = any contact from Nirvana's marketing, website, member database, or CRM before engagement start. OLC lead = any contact Matthieu sources independently.

IN EXCHANGE

- Written testimonial from Toby once the first unit closes
- Video testimonial once 3 or more units close
- Exclusive sales partnership on Nirvana's Lombok development and future projects, terms to be defined together

THE BIGGER PICTURE

This is the *proof of concept* for Lombok.

Close these 14 units and the same model goes to Lombok from day one. By then we have a live case study, a working process, and a relationship that's already proved itself. That's a much stronger starting position than going in cold.

TWO STEPS TO GET STARTED

1. **Sign a one-page commission agreement.** Defines lead source, commission rate, and the exclusive sales partnership on Nirvana's Lombok development. Draft ready within 24 hours.
2. **Share access to the member database.** An export is fine. Outreach sequence reviewed and approved by Toby and Eric before anything goes out.

Training stays on track: Sessions 2 through 5, same schedule. This runs alongside it. Nothing changes for the team.
